George Fomitchev
CEO and founder of Endurance

Dear George,

I would like to begin by thanking you for considering us for your most generous donation of the laser.

I feel our students would benefit in many ways by receiving this item. They already are using 3D printing in the classroom, to create both unique and beneficial items. The only limitation that we place on them, is that the item must both be unique and must somehow be benefiting in a positive way, to mankind.

I feel your donation of the laser will help them reach their goals, in a much more technical and beneficial way.

In closing, I once again, want to extend our appreciation to you, in considering us for this most generous and benefiting donation.

Respectfully,

A handwritten signature in black ink, appearing to read "G. E. Sedbrook". The signature is written in a cursive style with a large, stylized initial "G".
